

# Engagement Survey Results Report – Tamworth CBD Car parking

# Results of the Tamworth CBD Car Parking Survey

In April 2018, Council ran a survey to help inform a study being conducted to report current parking trends and needs for the next 10 years.

**The survey had three aims:**

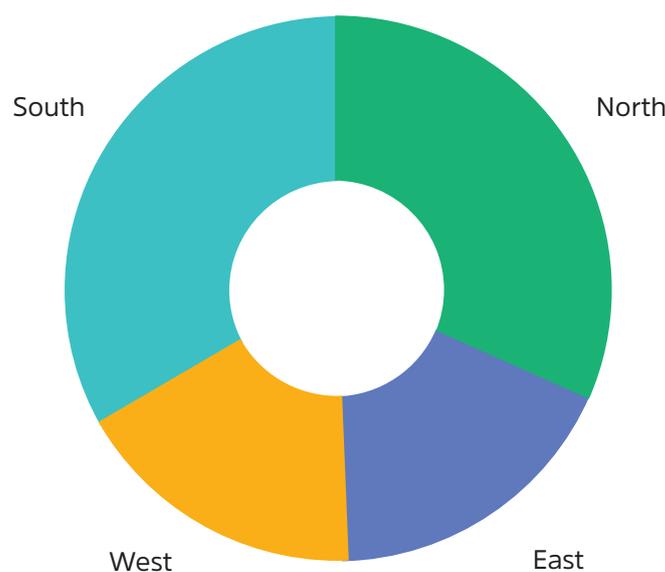

- Improve parking within the Tamworth CBD by providing recommendations for changes to the existing parking arrangements
- Ensure parking does not reach capacity within the next 10 years
- Ensure any changes to parking are done so by having the Tamworth CBD users' interests at the forefront.

979 people completed the survey

This report delivers what our community have told us.

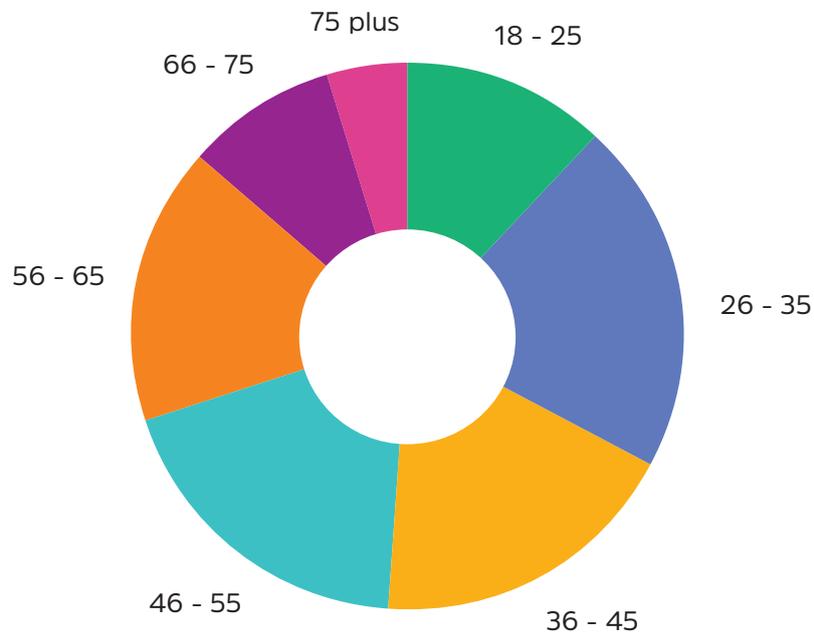

## 1. About you

What direction you enter the CBD from

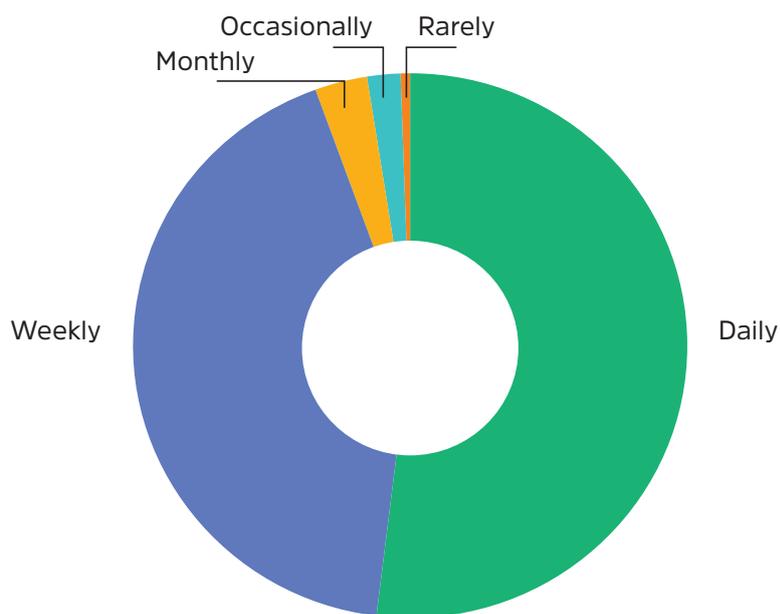

# Results of the Tamworth CBD Car Parking Survey

## Your age

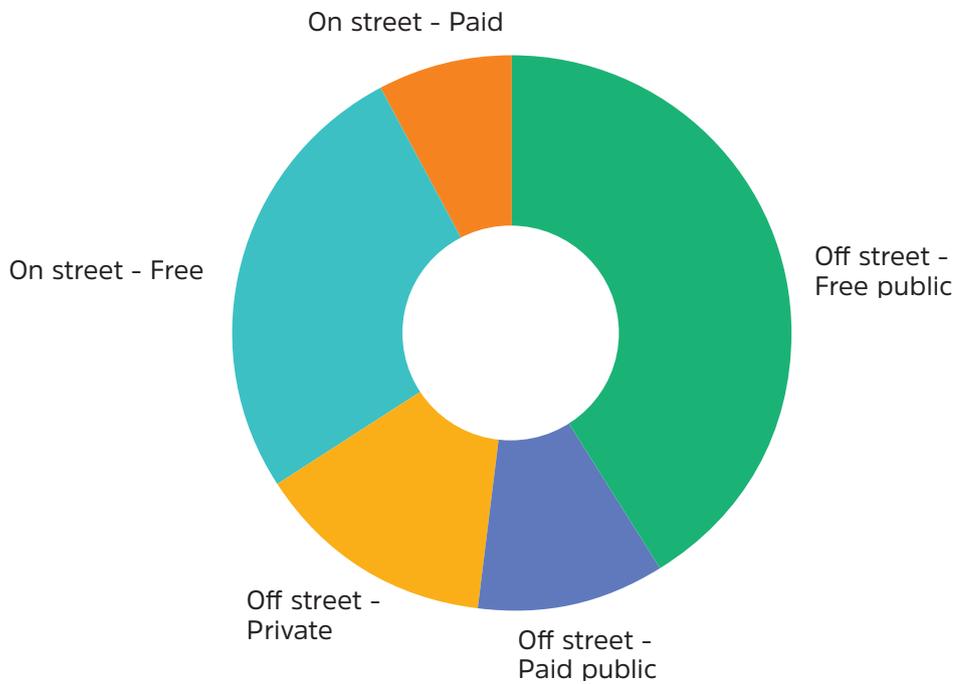

## 2. How you park in the CBD

How often you visit the Tamworth Central Business District (CBD)

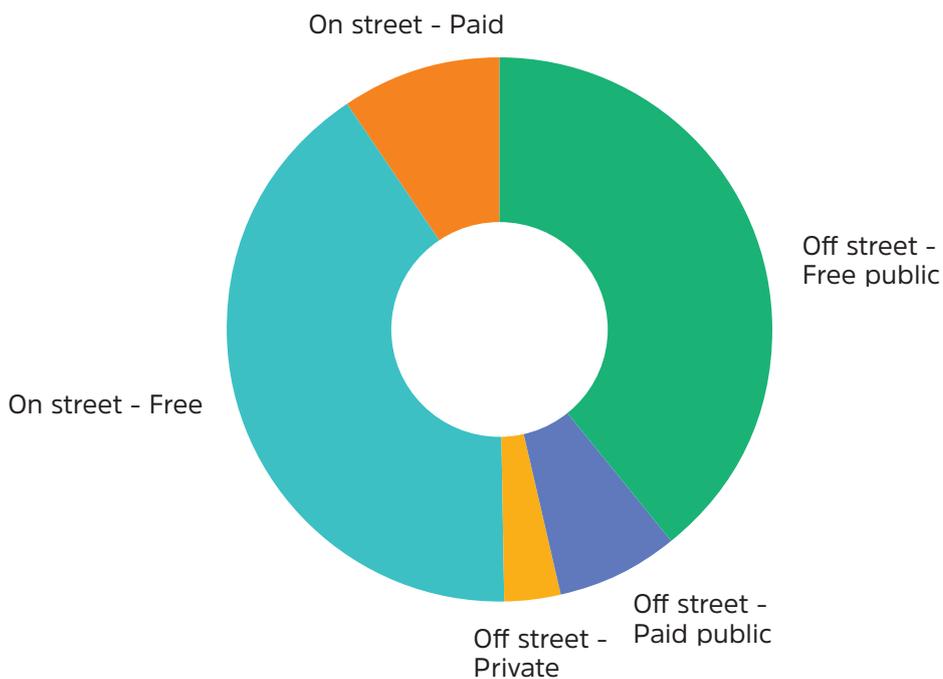

# Results of the Tamworth CBD Car Parking Survey

When visiting for work, you park here...

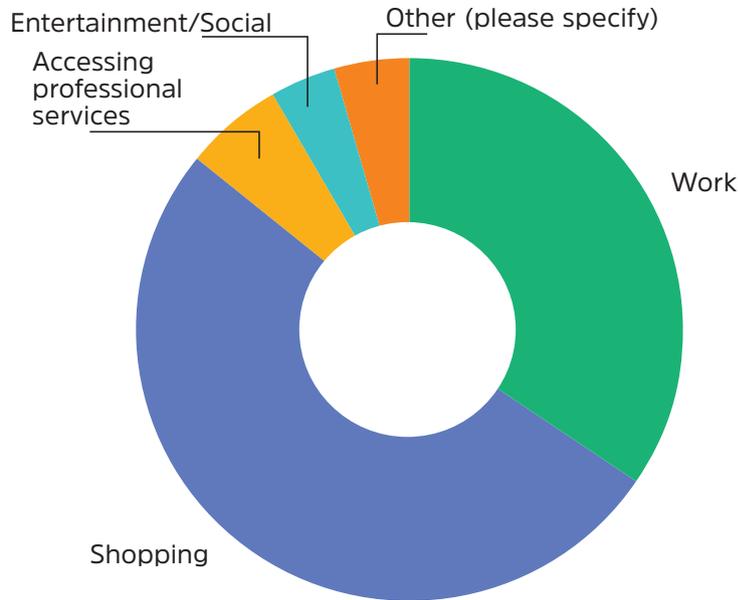

When visiting for shopping, social activities and appointments, you park here...

If you park on-street this is where you park

## 3. What can improve?

You've told us that our facilities signage is not adequate

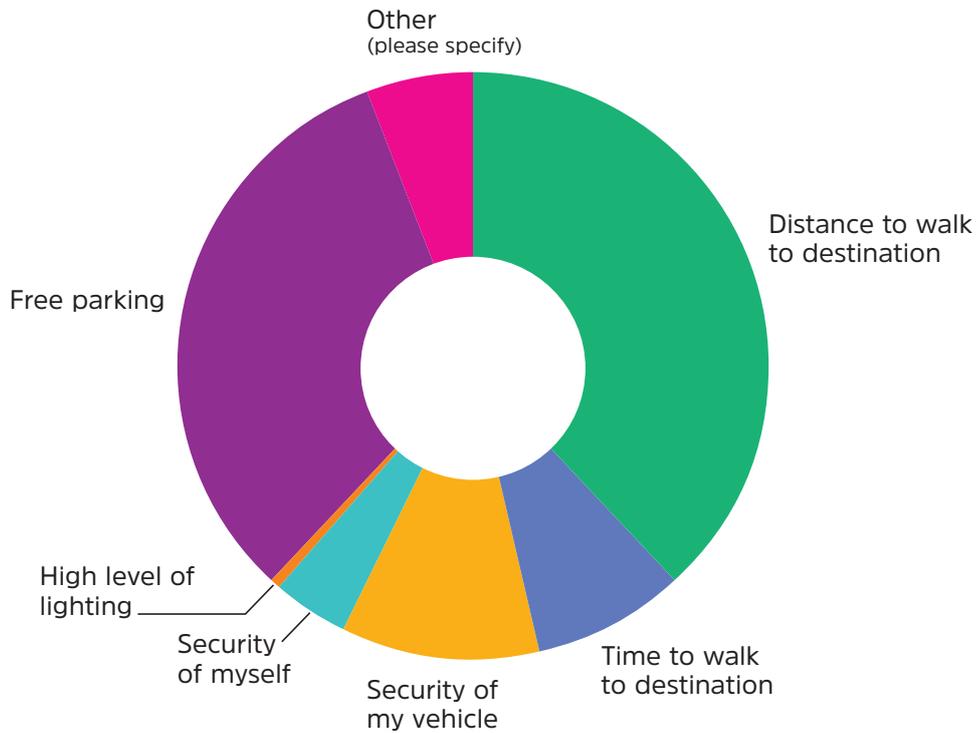

Consistent comments were:

- Haven't seen any signs
- Hadn't heard of half of the car parks mentioned in this survey
- Should be more visible
- Parking is confusing in Tamworth
- I don't know where all the parks are

You have told us what we can do to improve availability by providing free parking at these distances.

### 4. Next steps:

Thank you to everyone who provided their feedback on our Community Survey.

The results of the survey have been applied to our CBD Carpark study.

This includes:

- Analysis of survey responses will inform a 10 year CBD Car Parking Plan
- The results of the survey will be presented to the Tamworth Regional Councillor's to aid informed decision making.
- The results will also help feed other strategic town planning documents.
