**Tamworth Regional Council
Smoke-Free Environment Policy**

1. OBJECTIVES

The objectives of Tamworth Regional Council in banning smoking in various Council areas are to:

- Improve the health and well being of community members;
- Improve public amenity and maintenance of Council property;
- Raise community awareness of the issues associated with smoking;
- Provide community leadership in taking measures to protect the health and social well being of the community;
- Minimise cigarette related litter on Council owned public outdoor areas.

2. PRINCIPLES

This policy recognises that Council has:

- An obligation to promote public health outcomes where Council provides assets and services intended to be of benefit to children and other members of the community;
- A commitment to improve the natural environment and the amenity of the local area by reducing the amount of cigarette related litter found in public outdoor areas;
- An understanding that the damaging effects of passive smoking while well documented in regard to indoor areas, is also beginning to emerge in regard to outdoor areas; and
- An understanding that the indirect effects of people smoking in an outdoor area can result in:
 - Children playing with and swallowing discarded cigarette butts;
 - Cigarette-derived particles accumulating on clothing and skin; and
 - Sensory irritations such as eye watering, coughing, difficulty in breathing, asthma, or other respiratory problems.

3. LEGISLATION

Under the NSW *Local Government Act 1993* Council has the power to:

- Erect suitably worded and strategically placed notices in “public places” (such places including but not limited to public reserves, public swimming pools, public parks, public roads) within the local government area of the Tamworth Region prohibiting smoking (see, relevantly, s.632 (1) and (2)(e) of the Act);
- Serve, by means of an authorised person, a penalty notice (Penalty: \$110.00) upon any person who fails to comply with the terms of any such notice (see,

- Remove, by means of an authorised person, from community land any person who fails to comply with the terms of any such notice (see, relevantly, s.681 of the Act); and
- Otherwise prohibit smoking in any place within the local government area of the Tamworth Region, in respect of which Council is the owner or occupier, as a condition of entry to that place.
